Re: Branding Iron

Dear JR

I have been given your number by Joe and Janice at Eagle Camp Mugs. I have ordered mugs from them and am very interested in your help with a brand.

Let me tell you my needs. I will go to camp for our training course on June 4th. I would like to have the brand at that time. We could make things work out however as long as I had the brand no later than Friday, June 6th. I realize this only gives us 2 weeks and a couple of days. If necessary we would pay the overnight delivery charges for this shipment.

I am sending 2 pieces of art work for your examination. We would prefer the first but understand the detail may be too much. The second example we have removed the words "White Stag" to simplify the brand. Maybe the words "White Stag" could be added under the picture?

Joe indicated that a 3x3 brand is about standard for their mugs. I'm sure you know what works. I have tried to size my artwork accordingly.

If you could please call me as soon as possible with an estimate of cost and your ability to meet our short time frame, I would be extremely grateful. I can be reached at home at 317-865-3509 (usually the voice mail is on) or Mon-Tues-Wed evening (May 19-21) I will be at work until midnight. That number is 317-835-7875.
