Dear Ryan

Just a quick note of thanks for all the work that you did to make this year's White Stag adventure a true "mountain top" experience for everyone involved. The success of the program was not possible without your dedication and hard work and the outstanding example you set for your participants. I greatly appreciate all that extra work you did making the Barbarian patrol successful. I know at times this seem like an awesome task but in the end they succeeded.

On a personal note, I deeply appreciate that you were always willing to do what was necessary to bring a quality experience to you patrol and the rest of the troop. I want you to know that I have the utmost respect for you and believe that you have a great future with this program if you decide to return. You proved that to me with all the hard work and dedication you showed during the last two weeks. If I can ever be of assistance to you, please give me a call.

Again, thank you for everything you did to even make White Stag an unforgettable experience for me. I hope you will seriously consider returning next year because it would be a pleasure for me to work with you again. I feel that you have great potential in this program and should be considered for senior staff position in the future. Good luck, have a great summer, do well next year and keep in touch

Yours in Scouting
