

White Staggin' Across the United States

This song tells a story, so all the characters must be represented in order.

The Course Director
The Scoutmaster (s)
The Assistant Senior Patrol Leader (s)
The FQM
The Assistant FQM
The Senior Patrol Leader(s)

The characters are all on stage. The SPL's are surrounded by the staff and are holding a map (upside down), with the CD looking into the audience, the SM's holding a weed, the ASPL's playing with something, the FQM with the ASPL, the AFQM holding papers.

Chorus:

White Staggin' across the United States, hiking and canoeing, learning how to lead.
White Staggin' across the United States, always movin' forward, 'cause the this map we can't read!

The CD

The Participants are slowing down, slowing down, slowing down,
The Participants are slowing down, slowing down, Dave.

The SM's

There's Stinging Nettles everywhere, everywhere, everywhere,
There's Stinging Nettles everywhere, everywhere, John!

The ASPL's

It's food, Dave, but not as we know it, not as we know it, not as we know it,
It's food, John, but not as we know it, not as we know it, Dave!

The FQM

It's worse than that their cooking kills their cooking kills, their cooking kills, it's worse than that their cooking kills, their cooking kills, John!

The AFQM's

You cannot change the canoeing course, the canoeing course, the canoeing course,
You cannot change the canoeing course, the canoeing course, Dave!

The SPL's

We come to teach (get them lost)
Get them lost, get them lost.
We come to teach (get them lost)
Get them lost, Staff!
