## Staff Lake Contaminated

The lakeside shore of Troop 963 has been temporarily closed for swimming, fishing, and alligator wrestling due to contamination. This was apparently by yours and mine zwieback, the dog. He apparently was deciding whether it was more important to relieve himself or quench his thirst. He decided to do both, relieving himself first. Our photographers tried to capture the moment. They however were unsuccessful.

*Due to our limited resources, the picture of a cat will have to substitute for the picture of a dog.*

## Evictions will take place soon

Due to room service, staff maintenance, cable T.V., and long distance phone calls, hotel management will soon be evicting. If you would like your services reinstated please pay your bill in full by Thursday. The bills are over \$50,000 dollars. We suggest you pool your money together to make sure you keep these services. Make checks payable to Pat Day or "Tim" Jim Hanna.
