

Daily Stag

Volume 1 Issue 2

Well, you all survived the first sprinkle of White Stag Junior Leadership and we hope that all of you had fun. If you do have any complaints or comments about the sprinkle, ask your Patrol Leader.

NOTICE: This just in. The walls for the tents have arrived at the Quartermaster's Trailer, so would the patrol with the tents missing walls should report to the Trailer.

Remember, Service and Program patrols should NEVER let the tokens be defaced or touch the ground. If they do touch the ground, FIRE AND BRIMSTONE SHALL RAIN FROM THE HEAVENS ABOVE! If you don't believe us, I shall let you know that they were laying on the ground Sunday night and we nearly became crispy critters.

Also, we neglected to relay the telephone numbers for room service in your hotels in yesterday's newsletter.
